

REMARKS

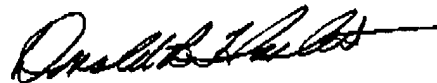

The amendment of FIG. 18 above corrects an inadvertent and obvious clerical error to make the reference 639 in FIG. 18 agree with the same reference numeral used for the same element as shown in FIGS. 19 and 20.

This amendment is being submitted prior to payment of the Issue Fee in the above-identified application.

This amendment is being filed concurrently with filing of a complete set of formal drawings, including the amended form of FIG. 18, as required by the Examiner in the Notice of Allowability mailed December 24, 2002.

The Examiner is requested to enter the amendment and to pass the application on promptly to issue.

Respectfully submitted,
